

Women of Aura

SK-II's latest innovation goes beyond fairness and spotless skin to bring out the aura-lucency of these ladies, revealing the glow from within.

Audrey Quek, 35

Principal Image Consultant, Audrey Quek Image Consultancy

Being a mother, wife and entrepreneur means having to juggle multiple roles every day, but I still make it a priority to look good and stay healthy.

As an image consultant, I need to "walk the talk". I always emphasise to my female clients the importance of having great skin – ladies should invest more time and money on quality skincare products, for when you exude that inner glow from within, that true luminosity emanating from the essence of your skin is what lights up the room when you walk in.

SK-II's Cellumination Essence helps me to maintain an aura bright complexion, allowing me to walk out of the house with or without make-up looking "wow".

I also like how Cellumination Deep Surge simply melts into my skin upon application, infusing it with hydration and an inner radiance. I even use the excess on my tired hands to give them a glow and it works just as well.

In fact, I'm looking forward to more exciting skin solution breakthroughs from SK-II in the near future!

“After using Cellumination Essence, I no longer need to use BB cream or even a make-up base as I can see the luminosity glowing from within my skin.”
